Pace of Play (Note 2 to Rule 6-7)

Time Target: 4 hours

Each hole has been given a maximum completion time based upon the length and difficulty of the hole. The maximum time allotted for the completion of 18 holes will be available prior to play.

Definition of Out of Position:

The first group and any group after a starter's gap will be considered to be "out of position" if, at any time during the round, the group's cumulative time exceeds the time allowed for the number of holes completed. Any following group will be considered "out of position" if it is more than the starting interval behind the group in front and has exceeded the time allowed for the number of holes played.

(b) Procedure When Group is Out Of Position:

If a decision is taken to time the group, each player in the group will be subject to individual timing by a Rules official. Each player in the group will be advised that they are "out of position" and are being timed.

The maximum time allocated per shot is 40 seconds. 10 extra seconds are allowed for the first player to play:

On a par three hole;

An approach shot; and

A chip or putt

The timing will start when a player has had sufficient time to reach his ball, it is his turn to play and he is able to play without interference or distraction.

On the putting green, timing will start when the player has had a reasonable amount of time to lift, clean and replace his ball, repair ball marks and move loose impediments on his line of putt. Time spent looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.

Timing ceases when a group is back in position and players will be advised accordingly.

Note: In some circumstances, an individual player, or two players within a group of three, may be timed instead of the entire group.

PENALTY FOR BREACH OF CONDITION:

1 Bad Time	-	Player will be warned by the official and told that if he has a further bad time, he will be penalized.
2 Bad Times	-	Penalty of One Stroke
3 Bad Times	-	Further Penalty of Two Strokes
4 Bad Times	-	Disqualification

(c) Procedure When Again Out of Position During Same Round:

If a group is “out of position” more than once during a round, the above procedure will apply on each occasion. Bad times and the application of penalties in the same round will be carried forward until the round is completed. A player will not be penalized if he/she has a second bad time before being advised of his earlier bad time.

Suspension of Play Due to a Dangerous Situation (Note to Rule 6-8b)

Discontinue Play Immediately: One prolonged note of siren

If a player fails to discontinue play immediately, he is disqualified, unless circumstances warrant waiving the penalty as provided in Rule 33-7.

Note: All practice areas shall be closed during a suspension for a dangerous situation until the Championship Committee has declared them open. Players who disregard such closing shall be subject to disciplinary action.

Discontinue Play: Three (3) consecutive notes of siren.

Resume Play: Two (2) short notes of siren.

Practices between Holes (Note 2 to Rule 7)

Between the play of two (2) holes, a player must not make any practice stroke on or near the putting green of the hole last played and must not test the surface of the putting green of the hole last played by rolling a ball.
